Get cash to help pay for dental checkups and treatment

Regular dental care can mean more than a brighter smile – it could also mean better overall health. Dental coverage from Time Insurance Company pays cash benefits when you have dental checkups and treatment – making it easier to keep up with regular visits to the dentist and lead a healthier life.

Robert's story

Robert, a 35-year-old father, had avoided the dentist whenever possible; that is until unusual symptoms led to a diagnosis of gingivitis – early gum disease that can get worse, and has been connected with life-threatening conditions like heart disease and stroke.

Fortunately, Robert's gingivitis was easy to treat, and he has since become committed to regularly brushing, flossing and going to the dentist – good habits he's teaching his young son.

Having dental coverage – Basic plan – and its \$75 benefit for each preventive visit has made it easier for Robert to keep six-month checkups in the schedule for both him and his son.

**Sample premium rate of \$15.50 a month is based on a Dental coverage Basic plan for a 30-year-old residing in North Carolina.*

Robert paid less than \$29/month to add Basic dental coverage for himself and his son.

Not an actual case – presented for illustration only. Actual services may vary. Sample premium rate is for dental coverage – Basic for a 35-year-old and one child, residing in Tennessee.

Save even more with Careington

If Robert visits a Careington dentist, he can save an additional **20% – 50%** on basic dental care.
